Foreword

Greetings!

Welcome to the artbook dedicated to the world of Becoming a King! A world where every step can bring you closer to power, reveal secrets, and lead to unexpected twists and turns.

The artbook contains concept art, illustrations of characters, environments and key scenes that form the atmosphere of the fantasy world of the game.

You'll see how the visual **style** was developed, how the **characters** came to life, and how each design element infused the game with depth and emotion.

Get ready to dive into King's visual legacy. His story is just beginning - and it's already in your hands.

The protagonist

Prince Fabian

He grew up in a monastery among books and prayers. Smart, well-mannered, but naive. He has never seen a woman and does not know how the world works outside of his home. Now he has a year to master the science of power and the art of seduction.

Forbidden Pleasure

Girls

Delia

A slender and refined countess with long black hair and an inquisitive mind. Outward coldness hides an intense struggle between loyalty to her father and the dream of freedom. She skillfully transforms herself into a commoner.

Erotic Romance

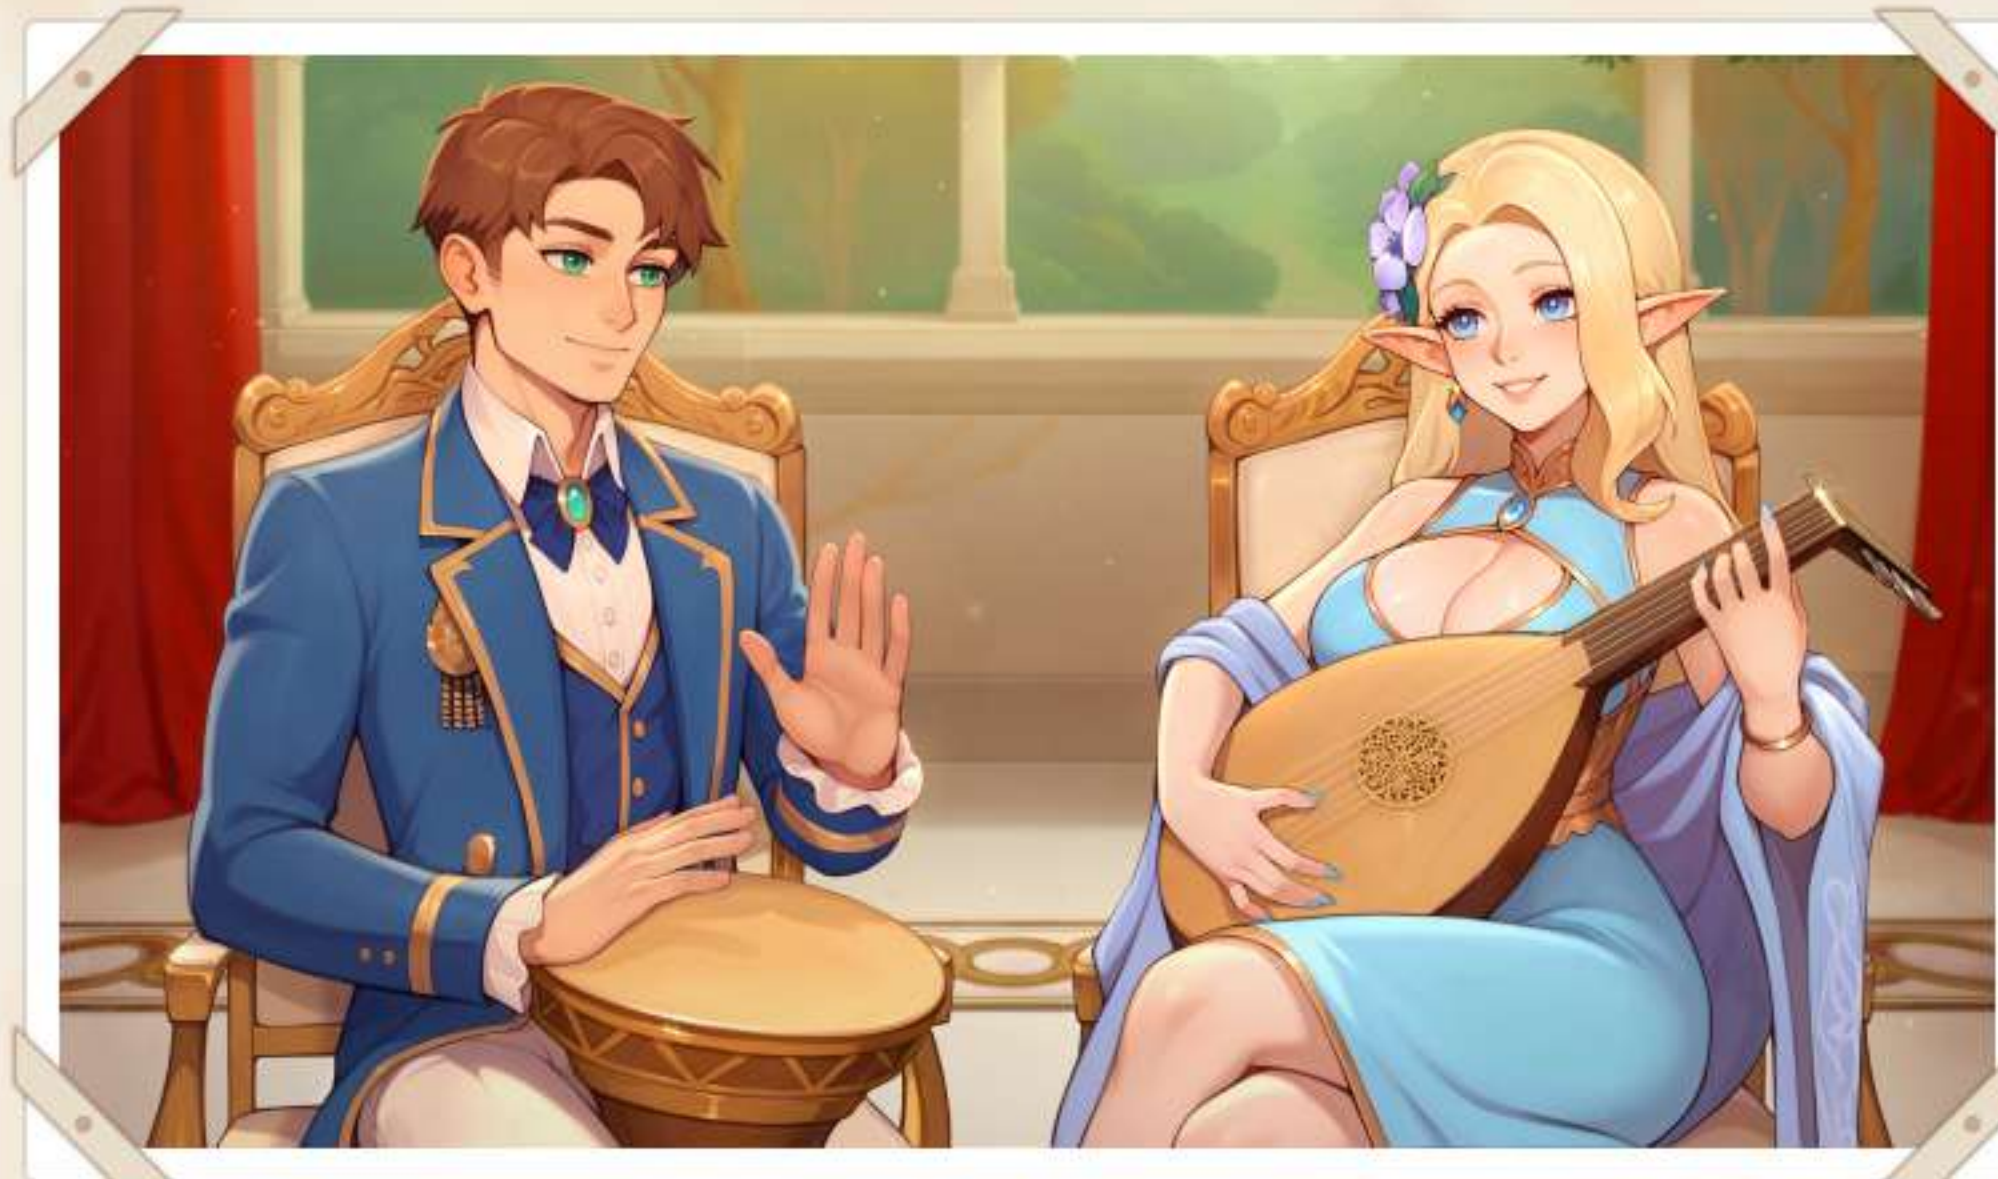

Girls

Tais

A tall, lush-breasted blonde with royal posture and a gentle disposition. Tais is religious, naive and dreamy. But is disappointed that everyone only sees her potential as a path to the throne of Elavarra and her prominent bust.

Field of Passion

Girls

Estelle

A nimble, flexible and colorful traveling circus performer with a mysterious past. Possesses charm, courage, and a talent for stealing. Believes in equality and justice among people, but her idealism often borders on recklessness.
